

**Engineer Master Class**

**“Development trends, opportunities and solutions for Vietnamese manufacturing industries in the context of the Fourth Industrial Revolution”**

**Co-organized: Ho Chi Minh City Association of Mechanical Engineering (HAME) and Reed Tradex**

Friday, 13 October 2017, 13.30 – 15.30 hrs.

Meeting Room in Exhibition Hall

Saigon Exhibition & Convention Center (SECC), Ho Chi Minh City, Vietnam

The Fourth Industrial Revolution is here. Technological advances have blurred the boundaries between the digital and physical worlds. Intelligent, interconnected systems now seamlessly support activities along the entire value chain.

Attendees at Engineer Master Class will embark on a journey to learn how smart technologies comprising of cloud computing, sensors, advanced robotics, artificial intelligence and the Internet of Things will transform the entire industrial ecosystem. Although Vietnam is in its early stages of Industry 4.0 development, but it is already changing how factory operates. Therefore, this course will highlights technical training programs that are designed primarily to help engineers create value and opportunities for a smart future.

**\*Only delegates who complete program will be accredited to receive certificate from Engineer Master Class**

13.30 – 14.00 hrs. Registration

14.00 – 15.30 hrs. **“Development trends, opportunities and solutions for Vietnamese manufacturing industries in the context of the Fourth Industrial Revolution”.**

by **Assoc. Prof. Dr. Pham Ngoc Tuan**

Vice President

Ho Chi Minh City Association of Mechanical Engineering (HAME)

15.00 – 15.30 hrs. Q& A, End of Session

**Why Should Attend:**

- Understand how smart, connected technologies are changing manufacturing and competition
- Hear real world cases of smart manufacturing in action from industry professionals
- Find out how to prepare business to capture the opportunities of Industry 4.0 technologies
- Know what it takes to increase production efficiency of supporting industries
- Get business insights for expanding into new markets.
- Network with Vietnamese Manufacturers, Business Leaders, Association Members, and Senior Government Officials attending the session

**Who Should Attend:**

- Vietnamese Engineers, executives in Manufacturing and Supporting Industries
- Manufacturing Industries, Auto Part Productions and Suppliers, Investors
- Members and Executives of Related Associations/Organizations
- Government Officers from Ministry of Planning and Investment and Ministry of Industry and Trade
- Top and all Managements, Entrepreneurs
- Members of the press

**Remarks:**

- Presentation will be conducted in Vietnamese.
- **Only delegates who complete program will be accredited to receive certificate from Engineer Master Class**
- **No registration cost** but limited seats available, pre-registration required.
- For registration, please contact [contactcenter@reedtradex.co.th](mailto:contactcenter@reedtradex.co.th) or call +84 4 3992 7489
- The organizer reserves the right to adjust the program and the speaker list without prior notice.

*Program as of October 5, 2017*
